

The SciSense group, with headquarters in Eindhoven, is looking for an ambitious **Finance Controller** with about 2/3 years of experience in a comparable position who would like to take the opportunity and **help** realizing the ambitions of the Company.

### Who are we?

The SciSense Group has an international footprint with subsidiaries in Germany, Italy, USA and China and is supplying customers over the entire world. The SciSense Group has a patent portfolio of over 100 patents. The central finance team consists of 6 employees. The leading language within the organization is English.

### Your profile in short

You have at least a Bachelor work and thinking level in finance and have at least 2 years of relevant experience in a position within a corporate or audit/consulting firm. You are **proactive**, hands-on and **enthusiastic** to work in a **dynamic** environment and have great communication skills.

### What are you going to do?

The growth of SciSense is partly in your hands. You will fulfill a **broad role** within the finance & controlling department located at the headquarters in Eindhoven (High Tech Campus). In this role you will be able to develop yourself as an **all-round** finance professional, where you will report to the Senior Finance Controller. You will actively contribute to the further **development** of the (finance) organization and will closely work together with other departments of the company.

### Your responsibilities:

- Co-**responsible** for the general ledger.
- Communication with local service providers of the local entities.
- Month-end closing activities for the SciSense Group and related analysis.
- Consolidation and preparation of monthly reporting packages on both group and local level.
- **Preparation** of reporting packages and analysis for management and shareholders.
- Cash flow and working capital management / forecasting.
- R&D-project **controlling**.
- Participate in **ad-hoc** (strategic) projects (e.g. SAP implementation, set-up of new local entities, internal audit projects).

### Your Profile:

- You finalized a relevant education in finance (**bachelor level** at least).
- You have at least a **bachelor work and thinking level**.
- You have at least **2 years** of experience in a comparable position.
- You are enthusiastic, proactive, flexible, hands-on, and **eager to learn**.
- You have good **communication** skills.
- You are fluent in the **English** language, verbally as well as in writing.
- Knowledge of the Chinese language is a pre.

### What do you get in return?

Next to a very **challenging** role with a lot of responsibilities in a strongly growing international scale-up company, you will have the **opportunity** to work directly with our local entities and get in contact with people with different cultural backgrounds.

In addition, SciSense offers the right candidate the following:

- **Permanent** employment contract.
- Competitive primary/secondary **salary**.
- Target driven **bonus** scheme (company & personal targets).
- Very good **pension** scheme.
- 26 **holiday** days per year.
- Possibility to follow additional **studies**.
- Ample opportunities for your own **development**.

### Enthusiastic?

Please provide us with your **CV**, including a short motivation letter and indication of salary. You can send this to [careers@sciosense.com](mailto:careers@sciosense.com)
